

The Total Economic Impact™ Of Sage Business Cloud People

Forrester created a composite organization, called Acme, to illustrate the quantifiable benefits and costs of investing in Sage People. Based on characteristics of the interviewed customers and data aggregation, Acme is a global, midsize enterprise with 1,000 employees.

SUMMARY OF SAVINGS

Acme experienced a three-year risk-adjusted saving, totaling \$1,950,709 across the following employee journey activities.

MANAGER TIME SPENT ON PERFORMANCE AND TALENT MANAGEMENT

BEFORE

2 weeks a year

Spent before Sage People

AFTER

1 week a year

50% labor savings after adopting Sage People

SAGE PEOPLE BY THE NUMBERS

Acme was able to save two full time employees annually, or 10% of HR and payroll staff by using Sage People's payroll and compensation capabilities.

Acme was able to reduce the time spent on repetitive HR admin by 18% annually.

Acme recruits about 400 candidates annually and saves 4 hours of labor per candidate, resulting in a 33% reduction in time and effort with Sage People.

"For a midmarket product, Sage People has excellent global reach. We are using Sage People in the 16 countries we have employees. Having current exchange rates and leave/absence management policies for each country is very helpful."

Director of HR,
EMEA transportation company
